Albany Rotary Pages Annual Dinner Tuesday

The Albany Rotary Club will hold its annual dinner and pageant on Tuesday night at Spenger's Grotto. The affair will start at 7 p.m. There will be no moon on that day.

The annual assembly meeting will be under the direction of the club. As chairman, with George Brown, president, presiding. The program will include a pageant, but Joe promises the meeting will be a worthwhile one.

At the meeting last Tuesday noon books were brought in for the Golden Anniversary project of the club. But many more are needed in order to make it a good one. Those who missed out last Tuesday may bring any books they wish to contribute, either to the Albany YMCA, 921 Kains Ave., or to the Market, 1302 Solano.

Don't bring magazines, paper books, or books that are bad worn or out-of-date. They may be fiction, non-fiction or technical, but they should be books you have liked to read, or you would like to present to a friend. They are to be given to the Golden Anniversary fund. Books will be given to the fund, to the Phillips, where they are to be distributed to libraries throughout the city.

According to Albany Rotary president, there is a great scarcity of books in the Philippines and the need is great. The books are well patronized, but in need of more books for their shelves.

Jensen Named United Crusade Head in Albany

Albany's Chief of Police Ralph Jensen this week accepted appointment as campaign chairman for the 1955 United Crusade in Albany. Announcement of Jensen's selection was made by Wm. McAuley, president of the Albany United Crusade cabinet, affiliated with the East Bay Crusade and the United Bay Area Crusade.

Jensen, an air force veteran of World War II, and former student of criminology at the University of California, became Albany chief of police last year.

Impressed by accomplishments of United Crusade agencies in Albany, Chief Jensen believes that volunteer service is the best way to express his interest in the community.

Albany's United Crusade cabinet, organized this spring as recommended by the United Crusade board of directors, includes William McAuley, president; Elmer F. Coble, secretary; Mrs. Eugene M. Blank, Mrs. Robert Kleinhammer, Dr. Paul C. Bryan, Sam Filicetti, Fred Granholt, Bert Griffin, the Rev. Douglas Henderson, Dr. J. E. Simpson and George A. Muller.

Albany Hill Homes To Be Designed on Your Own Plans

Following the opening to public inspection of the first of the 40 new homes being constructed on the east side of the Albany Hill by Hill-Aire Homes Inc. two weeks ago, several hundred have visited and gone through the structure and over the grounds, in spite of several days of bad weather.

These homes are being built on sites covering an area of two lots, and have ample room for landscaping, trees, etc. Many of the visitors have asked if it would be possible to obtain a house on one of the sites at a somewhat lower cost, yet having all the major features of the "dream" house now on display.

According to C. Park Henry, secretary of the corporation, the firm has consulted with its architect and is now in a position to accept the suggestions of prospective purchasers, and practically to build them a home to their own specifications, without forfeiting the leading features of the home on display. According to Henry you can pick out your building site, and consult with your architect on the outside and inside design, provided it remains within keeping of the general character of the property.

"Furthermore," says Henry, "for those who would prefer some other method of financing than Veterans or FHA, this can be arranged, and with a comparatively small down payment, construction can be started on a home to meet your desires, and to fit your pocket-book."

It is said to be the most exciting performance that Grace Kelly has ever done.

Mothers Day Phone Traffic To be Heavy

The telephone company is looking forward to some kind of a record this Sunday. Mother's Day gives Pacific Telephone its second heaviest traffic load of long distance calls for the year—exceeded only by Christmas.

Last Mother's Day saw a gain of 13 per cent more toll calls than the preceding year. If the upward trend continues on the same scale this year, this Sunday will see 186-740 long distance calls going through telephone offices in Northern California and Nevada.

Pacific Telephone will add many extra toll operators for that day. In many cases, they will be operators who normally handle local calls. Large toll centers will draw on relief operators from smaller offices in the vicinity to fill in where necessary.

Even so, calls to eastern states may encounter some delay.

To help speed calls, these suggestions were made by Ben Mad-doks, Pacific Telephone district manager here:

- 1.—If you know the number of the person you are calling, tell the operator. The call will go through faster.
- 2.—Try to make your call in the morning, or after six o'clock at night when long distance boards are not so crowded.

CHRISTIAN SCIENCE

The fact that man's real nature in God's likeness is unfallen, upright, and free will be brought out at Christian Science services this Sunday.

Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Adam and Fallen Man."

Among the passages to be read from Science and Health is the following: "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow, — thoughts which presented man as fallen, sick, sinning and dying" (259:6-11 The.)

The Golden Text is from 1 Corinthians (15:22): "As in Adam all die, even so in Christ shall be made alive."

CHRIST LUTHERAN

Pastor George H. Mueckling, Christ Lutheran Church, Ashby at Stockton Aves., El Cerrito, will begin a new series of sermon studies on the Letter to the Ephesians this Sunday at the 11 a.m. worship. Entitled, "Destined in Love," the study will follow the form of the successful experiment conducted last year in the local church where the auditors support the exposition of the text in private appraisal, and where the entire congregation makes the current Bible study groups led by host laymen, enrolling nearly fifty percent of the congregation. Christ Church has pioneered in the development of informal group analysis and application of the text book of Christianity. Sunday School convenes at 9:45 a.m., with classes for all ages, led by Mrs. Bernice Geach and Charles Bradford. On the classic assumption that all young people are devotedly engaged in the pursuit of happiness for their mothers on the second Sunday in May, the youth group of the congregation, the Luther League, will omit its customary weekly meeting. The Pastor's Class in Christian Basics will meet at 7:30 p.m.

Color Emphasized In Photo Course at Albany High School

A new feature of the photography class of the Albany Adult Center, which is open to new enrollments at this time, is the subject of color. According to Edward Pyle, the instructor, the basic principles of color photography are so simple that it is possible to become skillful in a matter of weeks. Mr. Pyle adds, one does not have to be an expert nor have an expensive camera in order to develop into a successful amateur photographer.

The fundamentals of black and white photography will be covered, of course, in addition to a study of color. Both facets of photography are closely related. It should be possible for the student to go on to specialize in either black and white or color.

The instruction in the course is now aimed at covering the basic steps for beginners and providing review for the more experienced. This will be followed by considerable practice in the techniques of camera work, and the spring course will terminate with subjects determined by the needs and interests of the students enrolled. Exposure problems, developing, filter composition and other features combine to make this course a well rounded one.

The class meets on Tuesday evenings, 7 to 9:30 at Albany High School, 603 Key Route Blvd., Albany.

to Association Declares Radar Subject to Abuse in Speed Control

believing that it always stands
of proper and just enforce-
of speed laws, the California
Automobile Association nev-
ers feels that pending legis-
before the Legislature to
use of radar to control
speed zone speeds will lead
assessments of motorists.

monitoring organization points
out if Assembly Bill No. 594
becomes a law it would add a new
to the Vehicle Code which
legalize evidence secured by
electronic devices in arrests and
assessments of motor vehicle op-

er association opposes the use
of radar or other microwave en-
erment of generally unrealistic
limits. Such devices encour-
age re-establishment of the old-
fashioned traps in new and mod-
ern, and frequently lead to
excessive attempts to scoop in
motorist who, while driving
in proper manner, may
occasionally exceed an arbitrary
limit by a mile or two.
In Virginia, following in-
stallation of a radar set, arrests rose
from 1953 to 947 in 1954. The
set cost \$650 netted the city

\$14,000 in fines in one year" the
CSAA said, adding:
"Actually radar simply determin-
es speed alone, and gives no con-
sideration to the amount of traffic,
weather conditions and other fac-
tors which have an important bear-
ing on whether a certain speed is
unsafe. There is also an unfortunate
tendency to accept data supplied
by a device or machine as infall-
ible and motorists can be victim-
ized into paying nominal fines rather
than take the trouble to defend
themselves in court."

The CSAA advocates amending
the bill to authorize the use of radar
by enforcement officers to
check and control speeds over 65
miles an hour. This would permit
arrests for excessively high speeds
without forcing officers to jeopard-
ize their lives by chasing reckless
drivers going to breakneck veloci-
ties. It would also provide the psy-
chological factor in curbing exces-
sive speeds which proponents of
the legislation contend is needed.

The California Highway Patrol
arrested 58,725 traffic violators dur-
ing the month of February this
year, reports the National Auto-
mobile Club.

Arrangement of Flowers Taught At Adult Center

The flower arrangement class at the Albany Adult Education Center, open to new enrollments at this time, is working toward the "workshop" portion of the course. At the present time the instructor, Ray Silva, who is the Durant Florist in Berkeley, is initiating class members into a few simple principles in balance, color and line as a preliminary to their making their own arrangements.

Home gardens, sprouting their annual bounty of spring blooms, provide a colorful potential for making homes more cheerful, individual and attractive through the art of flower arrangement. The instructor strives for results in homes, not in florist shops.

This class is offered each Wednesday evening, 7:30 to 9:30 in Room 5 of Cornell School, 919 Cornell Ave., Albany.

Noted Bandit of Early Days Known Now Only by His Colorful Nickname

Of all the bandits who prowled the roads of California in the 1880's perhaps the coolest and most daring was one whose life is still wrapped in considerable mystery, whose real name has been lost somewhere in the past, and who is now known only by his nickname, Sugarfoot, a name he got from his habit of wearing sugar sacks on his feet whenever he went about the business of holding up a stage.

Sugarfoot, according to the National Automobile Club, was full of tricks. When he held up a stage he always seemed to pick the best possible stretch of road and carry off the whole affair with perfect timing and the greatest of nonchalance. He would carry a forty-four Winchester repeating rifle slung over his right shoulder with a piece of baling wire that was stretched at one end to the stock and at the other end to the barrel. In this way he could swing his rifle around in any direction with his good right hand and use his left hand to pass the hat among the "customers."

This was the technique he used when he staged what was probably the most spectacular holdup of the day. On a warm summer afternoon he stepped out from behind some rocks up in the Mother Lode country to bring to a halt a stagecoach that was moving along at the head of a straggling caravan comprised of three stages, five freight wagons, and a company of 150 soldiers who were on their way to Yosemite Val-

ley to act as guards during the summer season.

One by one the stages and freight wagons came to a halt, and down the line went Sugarfoot, his right hand poised on the Winchester that swung from his right shoulder and his left hand holding the hat in which he collected his loot. When the company of soldiers arrived, Sugarfoot coolly told them to halt, hold their places, and keep their hands away from their guns. The fact that he knew the commanding officer had relieved the soldiers of all their ammunition before they left for their trip to the park probably helped him considerably to maintain his coolness.

After taking money and jewelry from the passengers, a satchel from the lead stagecoach, and a lunch from the driver of one of the freight wagons, Sugarfoot ordered the caravan to move on its way. When the soldiers had rounded the bend of the road, about a dozen of them were given ammunition and sent out in pursuit of the elusive bandit. All they found was the empty strongbox and the remains of a hastily eaten lunch.

Sugarfoot eventually came to a violent end when he made the mistake of holding up Six-Horse Charley, a wildish woman who drove a stagecoach as well as any man and swung her Winchester just a little faster than the baling wire bandit.

Park Visitors Reach Record

National park areas drew nearly 48,000,000 visitors last year, the greatest number in history, and the total this year will likely reach 50,000,000, reports the California State Automobile Association. The attendance was 47,833,913 during 1954, an increase of 1,600,000 over 1953.

Totals for California's four national parks in 1954 were: Yosemite, 1,008,031; Kings Canyon, 511,541; Sequoia, 484,653, and Lassen, 282,443.

Great Smoky Mountains National Park in North Carolina and Tennessee attracted the most visitors last year—2,526,879.

Lake Mead National Recreation Area, Arizona-Nevada, had in excess of 2,000,000 visitors, and more than a million were recorded at three western national parks—Yellowstone, Wyoming—Montana—Idaho; Grand Teton, Wyoming; and Rocky Mountain, Colorado.

Of all the cultural form of entertainment the most widespread and most spontaneous participation is gained through song.—Earl Robinson.

CHARLOTTE, N. C.—Fruehauf Trailer Company recently sold to the local Civil Defense authorities here a used trailer which has been refurbished and made into an economical but ideal Civil Defense headquarters.

The unit is lettered "Charlotte-Mecklenburg County Mobile Control Center." The trailer provides a complete office with such items as tiled floor, fluorescent lighting, complete insulation throughout including plywood in roof, and jalousie type windows.

It can be moved to a rural area, miles from possible targets, as these mobile offices carry two-way radio equipment. In a way it has the same principle as the recent elaborate equipment installed by the City of Los Angeles in which three Fruehauf trailer units formed mobile communications centers which could, if necessary, ring the entire metropolitan area of the city and each one could become the main office in the event that the headquarters located in the city were knocked out.

Creative Writing Class Opened at Albany High School

A member of the creative writing class at the Albany Adult Center, Miss Margaret Donaldson, 911 Ventura Ave., Albany, who recently placed an article with a syndicated magazine, says "It has been very important for me to get the advice, the criticism and the encouragement that comes through this practical workshop at the Adult Center."

"Our class group acts both as critic and writer," says the instructor, Mrs. Marvin Rosenberg. "The process of writing is just a part of the whole creative experience in which we learn to be readers, too."

Class members range from beginners to those already selling. They are writing poetry, fiction and non-fiction. Assignments are given particularly for those who need them for discussion or stimulation. Students at work on serious writing projects of their own can continue these, using the group experience Albany.
